

JAMES RIVER RELIEF

HOSPITAL WORKERS IN THE JAMES RIVER WATERSHED: RELAX ON THE JAMES WITH A FREE PADDLE ADVENTURE - ON US!

The James River Association and our outfitter partners want to express our sincere appreciation to the incredible hospital staff in our region by offering respite on the River. JRA has been working for 45 years to make the James healthy and accessible, and there is no better time for our River to help rejuvenate and bring peace to doctors, nurses, and other hospital workers who have put their lives on the line during Covid-19.

Register online and choose a free paddle trip or rental through several outfitter partners across the watershed, including JRA's own James River Adventures in Lynchburg. Go to jamesriverrelief.org for more info.
